(5) OFFICERS' REPORTS

Secretary

We had our AGM on Saturday 20 February at Islip. Numbers attending were down on previous years and all officers agreed to stay in post so formalities were reasonably short! The annual service was taken by the Area Dean of the Bicester and Islip Deanery, the Reverend Charles Masheded, and Mrs Mary Hatwell, a ringer from Charlton-on-Otmoor, played the organ which was much appreciated.

Anthony Cole, as well as organising the website for the Bicester Branch, also organised a well supported Spring Car Outing a month later on Saturday 20 March in the Buckingham Area. We rang at Maids Moreton, Buckingham, Great Horwood and Winslow and much enjoyed them all – our thanks go to those who unlocked for us as well as to Anthony who managed it all with such aplomb!

The funeral of Geoff James, long standing Tower Captain of Middleton Stoney, took place on 25 May at Middleton Stoney (he had just celebrated 50 years membership of the ODG). The Guild banner was displayed during the service and many ringing friends attended the service. The Middleton Stoney band has however been active in building on his work and has some recent learners to encourage.

Most towers have rung for summer weddings and Branch Practices have continued.

On the proposal of Fay Harris, seconded by Michael MacArthur, the report was adopted.

All in favour.

Treasurer

The Deposit Account stands at £7,523.12 receiving only £37.91 in interest at 0.5%. The Current Account in January 2010 stood at £584.62 and £786.65. The increase was due to reduced donations to the Oxford Diocesan Bell and Restoration Funds (£56 each rather than the £250 each as in 2009). This had been decided at last year's AGM as the deposit account interest had fallen from 3.05% in January 2009 to 0.5% in December 2010.

There were 81 ringers in 2010 (79 in 2009). Subscriptions were slow to come and were only complete by August. Since they should be paid to the Guild by the end of March (insurance is at risk if a ringer has not paid his/ her subscription) the Treasurer made a plea for them to be paid promptly preferably collectively from each tower to make accounting easier.

A suggestion that the account should be moved to improve the rate of interest was made and the Treasurer agreed to investigate with the Guild Treasurer.

Another suggestion was made that each tower should pay the subscriptions on behalf of their ringers (as in the case of Launton and Islip) and monies paid from tower funds augmented by retaining part of the wedding fees paid. The Treasurer would write to tower correspondents in November to reiterate the need for prompt payment.

The accounts had been audited by Les Harris to whom a letter of thanks had been sent.

On the proposal of Jeremy Adams, seconded by John Hadfield, the accounts were adopted.

Branch Representative

No report but Guild events had taken place as advertised.

Branch Ringing Master

Teresa Carter gave the report on behalf of both Ringing Masters. She said that although Branch Practices had taken place with some disappointing attendance, the outing had been very successful with 15 people taking part. The suggestion was made that the 8 bell practices currently poorly attended in Bicester might alternate with Islip in future. More reminders should be sent out. Enthusiasm was expressed for another car outing in early April and Anthony Cole agreed to organise it again.

On the proposal of Sally Wale, seconded by Anthony Cole, the report was adopted.

Website Manager

During the last year the Website Manager has investigated moving the website from his server to the guild's web server. However this has still not happened due to problems testing the site on the guild server.

The website is kept up to date with events and information as received, and last week it was given a face lift so it now looks a little smarter and more in line with modern website styles. There will be

additions over the coming weeks (such as links to Google maps for towers) but if anyone would like to write an interesting article then it would be gladly published as it would give life to the website (www.bicesterbranch.org.uk) which may help attract more learners.
