

Webmaster's Report for Year Ended 2025

The Bicester Branch website continues to be well visited, with nearly 6,000 visitors making more than 7,000 visits.

In 2025, twenty-two posts were made covering items including Branch Practices, Guild Reports, Quarter Peals and social events. Details of striking competitions, ringing courses and Branch outings have been popular.

The efficiency of all the websites of the Oxford Guild have been carefully monitored and managed by Richard Stanworth, our Server Manager.

The MemberMojo mailing system is working well.

I'm keen to ensure that the contact details on each Tower's Captain are correct, and I'll be contacting each one in due course to check the accuracy.

If anyone has information about their own tower and would like the appropriate web page to be updated, please let me know at webmaster@bicester.odg.org.uk.

Angus Bridges

Webmaster, Bicester Branch of ODG
